Introducing A Fast, Easy & Affordable Way To Create Your Own Custom Rhinestones.

Be the first in your area to offer Rhinestone Service.

The CAMS 1V-2P's compact size makes it easy for you to start making custom rhinestone designs and rhinestone transfers. Work with 2 colors or sizes of rhinestones or nailheads, the CAMS 1V-2P produces various hotfix motifs automatically.

This desktop rhinestone machine occupies only a two foot square area with simple operation buttons and user-friendly LCD graphic menu.

The CAMS 1V-2P comes bundled with the GemMaster software that allows you to make custom motif designs quickly and effortlessly for rhinestones and nailhead transfers.

This fully automatic rhinestone machine is the perfect addition to any decorated apparel shop and is easier to learn than embroidery or screen printing.

Use this machine to spice up your embroidery or digital and screen print designs with rhinestone highlights, significantly increasing the value allowing you to charge a premium price.
